Profile

Dedicated and ambitious full-stack MERN developer with hands-on experience building responsive web applications using React.js, Next.js, Node.js, and MongoDB. Completed an intensive 6-month training at ITI under Egypt's Ministry of Communications. Passionate about clean code, modern UI/UX, and delivering scalable, real-world solutions.

Education

09/2020 – 09/2024	The Egyptian E-Learning University – Faculty of Information Technology
Bachelor's in information technology	GPA : 3.06: Good Graduation Project: Excellent

Work Experience

07/2026 – now	Reservya – frontend developer
---------------	--------------------------------------

Trainee at Reservya

- Developed and customized templates used for building restaurant websites and table reservation systems.
- Worked on improving the user experience by designing intuitive and user-friendly interfaces.
- Collaborated with the development team to ensure that templates met client requirements and project specifications.
- Participated in brainstorming sessions and contributed ideas for improving the company's products and services.
- Assisted in testing templates and ensuring compatibility across different devices and browsers.

Internships

Jan 2026 – June 2026	Information Technology Institute (ITI) – Assiut Branch
Intensive Code Camp – Full-Stack Web Development (MERN Stack)	

11/2025 – 06/2026	INSTANT SOFTWARE SOLUTION
Instant Full-Stack Diploma (7 months)	

Projects

1. 03/2026 – 04/2026	Online Course Platform repo
----------------------	--

Full-Stack | Next.js | Node.js

A full-stack online course platform using the MERN stack with Next.js App Router. Supports two roles (students and instructors) with distinct permissions. Instructors manage courses and access enrollment analytics; students can enroll, track progress, rate courses, and comment on lessons. Implemented JWT authentication, role-based access control, Zod validation, and a RESTful API with 25+ endpoints. Frontend uses GSAP animations and a custom cursor UI.

2. 04/2026 – 05/2026

E-Commerce Platform Full-Stack | Next.js | MongoDB | [repo](#)

A full-stack multi-vendor e-commerce platform built with Next.js 16 App Router and MongoDB. Supports three roles (customers, sellers, and admins) with distinct dashboards and permissions. Sellers manage products and track orders; customers can browse, filter, add to cart, apply promo codes, and checkout. Admins control users, inventory, categories, and discount codes. Implemented Auth.js v5 with Google OAuth, email verification via Nodemailer, image uploads via Cloudinary, bilingual support (Arabic/English) with RTL switching, and a RESTful API with 30+ endpoints.
3. 05/2026 – 06/2026

Luxe Retail – E-Commerce SPA | [live](#) | [repo](#)

A luxury e-commerce Single Page Application built with React 19 and Vite. Features full authentication (register/login) connected to a live REST API via Axios and TanStack Query for server state management. Includes multi-step checkout with promo code support, a cart drawer, wishlist, order history, and a user profile page. State managed with Zustand (cart, wishlist, auth, orders, toast). Animated with GSAP ScrollTrigger and Framer Motion across all pages. Supports dark mode, fully responsive design, and is deployed on Vercel.
4. 08/2025 – 01/2026

Saint George Market | [live](#)

React.js | Laravel | PHP

A fully responsive e-commerce marketplace featuring product listing, filtering, and cart management. Implemented dynamic routing with React Router, global state management, and seamless API integration for real-time product data.

Skills

Technical

- HTML / CSS / JavaScript
 - Tailwind CSS | Bootstrap
 - React.js | Next.js | Angular
 - Node.js | Express.js
 - REST APIs
 - TypeScript
 - JWT
- Zod
 - Zustand
 - Redux
 - GSAP
 - MongoDB
 - Sass / SCSS / Less
 - Git & GitHub | Source Control

Interpersonal

- Self-Learning & Problem Solving
 - Good Communication Skills
 - Multitasking & Time Management
 - Creative Thinking
- Attention to Detail
 - Adaptability & Fast Learning
 - Teamwork & Collaboration
 - Critical Thinking

Languages

Arabic (Native)

English (B1)

Additional Information

Date of birth: 2001/7/9

Military Service: Exempted
